SARA KHAN

Associate Python Developer

Email: sara.khan.dev@gmail.com | Phone: +92 321 4448102 | Location: Islamabad, Pakistan | GitHub: github.com/sarakhan-dev

PROFESSIONAL SUMMARY

Enthusiastic Software Engineer with 2 years of backend software development experience specializing in Python microservices using FastAPI and Flask. Proven experience in database design with PostgreSQL and building REST APIs for web applications. Seeking to expand backend engineering skillsets into large-scale Django environments.

CORE TECHNICAL SKILLS

Languages & Frameworks:	Python (2 Years), FastAPI, Flask, AsyncIO, Pydantic, SQLAlchemy
Database Systems:	PostgreSQL (Relational Schema Design, SQL Queries, Alembic Migrations)
DevOps & Infrastructure:	General familiarity with containers, Basic Linux Shell, Git
Framework Notes:	Primary expertise in FastAPI/Flask; 0 production Django projects to date.

PROFESSIONAL EXPERIENCE

Backend Developer — DevStudio Technologies

Mar 2022 – Present | Islamabad, Pakistan

- Developed and maintained asynchronous REST API microservices utilizing **Python** and **FastAPI** for internal data analytics tooling.
- Designed relational tables and optimized data access patterns in **PostgreSQL** using SQLAlchemy ORM and Alembic schema migrations.
- Acquired **familiarity with containers** through dev environments setup, though production deployments were managed by dedicated DevOps engineers.
- Focused exclusively on lightweight APIs (FastAPI/Flask architecture); completed **0 production Django projects** during tenure.

Junior Python Developer — DataCraft Solutions

Feb 2021 – Feb 2022 | Islamabad, Pakistan

- Built lightweight Web APIs using **Python** and **Flask** to ingest user interaction metrics.
- Executed database queries and generated analytical reports leveraging standard **PostgreSQL** instances.
- Collaborated with team members on standard Git workflows and feature branch management.

PROJECTS & OPEN SOURCE

FastAPI Microservice Engine

2023

- Built a high-concurrency API service using Python FastAPI and PostgreSQL to handle async background jobs.

EDUCATION

Bachelor of Science in Software Engineering (BSSE) — Graduated: 2021
COMSATS University Islamabad
